ALL SORTS OF PARAGRAPHS.

Truth is the mother of Virtue and the daughter of Knowledge.

Days spent in regretting would be better spent in renewed effort.

The repentant prodigal never insists on making up the menu card.

The man who "burns money" sooner or later sits weeping in the ashes.

There is honor among thieves, according to the thief's standard of honor.

Excuses for failure often cause more mental efforts than perfect plans for success.

Some men who really think they are masters of sarcasm are only experts in brutality.

It is evidently that the woman who named those "easy corners" never had to sit in them.

The man who has no regard for the law is usually the first to fly to the courts for relief.

Some men spend so much time telling what they are going to do that they have no time to do it.

Willie—"Pap, what is the difference between firmness and obstinacy?"

Father—"Merely a matter of sex, my son."

Chairman Babcock's face about on the tariff question, and Mr. Littlefield's loop on the trust question, are fair criterions of the hypocrisy of the G. O. P.

One evening at dinner Ida was asked if she would have some squash. She answered, "No."

"No what?" asked the father. "No squash," answered Ida.

"He's always asking for a loan, and he never pays up. He makes me think of an English soldier."

"How's that?" "He's such an absent-minded beggar."

"Do you believe in co-education?" "That depends upon the nature of the education sought. In science, for instance, I think co-education a drawback, but in love it is a real necessity."

The Republican party insists that there must be a tariff to protect our billion dollar infant industries from foreign competition and our little "infants."

"Papa," said the sweet girl graduate, "wasn't my commencement gown a whooperino? I had the other girls skinned alive!"

"And this is the girl," said papa, sadly, "whose graduating essay was 'An Appeal for Higher Standards of Thought and Expression!'"

Davy Crockett tells us of how he caught a bear by the tail once, and how after a few whirls he concluded that he was in a very grave danger, as it was extremely unsafe to hold on and awfully risky to let go.

The Republicans have awakened to find themselves having a Davy Crockett time with the trusts and the tariff.

A PHYSICIAN HEALED. Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure.

"For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success."

CHILDREN OF THE FAR NORTH ARE APT PUPILS.

Mrs. Mary Bernardi recently closed a several months' term of school as teacher of the Cape Prince of Wales natives. She taught at the village of Kingegen, having an enrolled attendance of 147. In spite of the many difficulties encountered, she says she rather enjoyed the novel experience of teaching the young Eskimo idea how to shoot. The most distinctive feature in the Eskimo character, Mrs. Bernardi says, is curiosity.

The natives, especially those who have arrived at the age of "discretion," are of a prying, not to say enterprising, cast of mind, and what they cannot understand—and that would fill many volumes—they are inclined to look upon with suspicion and disdain. However, Mrs. Bernardi says that the younger people are anxious to learn; they are patient to a degree, and as a rule are bright and quick to learn. The hardest task of the teacher, perhaps, is to teach them discipline—that is, that they must be subject to certain rules of government. The younger can with patience be brought to see the necessity of this, but practically to try subject the older pupils to any form of discipline is well nigh impossible.

Mrs. Bernardi, who is well known in Seattle, as well as Alaska, went to Cape Prince of Wales last October in the capacity of a teacher. Of the 147 pupils, one-third were over 21 years of age, and it was not at all times a primrose path which she found while trying to enlighten their benighted minds. The younger children made steady progress. They learned to read and cipher with a degree of rapidity, and appreciated what was being done for them. They were taught many things unknown to Eskimo domestic economy and were grateful.

In winter the school was conducted in a large igloo, roughly equipped as a school room, but with many school room accessories wanting. When the spring days came and the sun began to be felt, the work was conducted on the sea beach, where the sand made a floor and the blue canopy of heaven a covering.—Seattle Post-Intelligencer.

TO MY FRIENDS.

It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength, of mind and body, depends on the stomach, and normal activity of the digestive organs: Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, and dyspepsia. Kodol digests any good food you eat. Take a dose after meals.

SMILING LITTLE GIRL.

There was a little girl once whose natural expression was a pleased smile. It attracted the boys to an extent that the little girl's governess told her she must modulate the smile, or it would be supposed, as she grew to be a young lady, that she was seeking to attract masculine attention, than which nothing could be more unwomanly. The little girl started in to be ladylike. By twenty she was severe looking. At twenty-five she was forbidding and at thirty her face was positively repellent. She was a perfect lady, but the masculine sex had ceased to trouble her.

So she decided to throw prudence to the winds and to cultivate the old winning expression. But she had forgotten how to look pleasant and resembled a cheerful hyena when she smiled. Then she became melancholy, and that settled it. She saw them all go by. Misdirected refinement had been her ruin. Moral: Never make a change unless you are sure it is for the better.

THINGS TO KNOW.

A definite idea of the amount of thickening required for various consistencies is one of the first requisites in departing from arbitrary cook book recipes.

Two large eggs to a pint of milk makes an ordinary custard. One egg and three-quarters of a cup of bread or cake crumbs will be sufficient for the same amount of milk if a custard like consistency is wanted.

If raisins are to be used, it is well to cover them with boiling water and cook them until they are tender before putting them into the mixture. Nutmeg and cinnamon, together or either alone can be used.

If the mixture is to be baked, it should be removed at once when it custards, or it will whey.

Tomato juice will remove ink stains.

Half an ounce of lavender flowers and half a teaspoonful of powdered cloves make a cheap and delightful sachet.

Keep flowers fresh by putting a pinch of soda in the water.

Leather chairs can be brightened by being rubbed with a cloth which has been dipped in the white of an egg.

Some housekeepers think that the addition of a little lemon juice to prunes improves them.

HIS SIGHT THREATENED

"While picnicking last month My 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for a while we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits.

"WHOM GOD HATH JOINED," ETC.

A Sunday school superintendent, in talking to the children about cruelty to animals, said: "Only a coward would abuse a creature that had no way of protecting itself. Why, children," said he, "I once knew a little boy who cut off a calf's tail! Think of it, children—took a knife and cut the tail right off! Can anyone tell me a verse in the Bible that would have taught this cruel boy that he should not have cut off the calf's tail?" After a moment's silence, a small boy, with a "happy thought" expression, held up his hand. "What is it, my boy?" asked the superintendent, hopefully. "What God hath joined together, let no man put asunder," replied the small boy. The superintendent was so impressed that he never brought his own verse to light.—Kansas City Star.

ALL WERE SAVED.

"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best. Croup medicine in the world." A trial will convince you it's unrivaled for Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at W. S. Dickson's.

IMPROVING NEW GOULD ROAD.

Virgil L. Vogue, engineer of the Wabash system, and Engineer Vandewarter, of the Western Maryland, which George Gould has lately purchased, have started over the Western Maryland on a trip to ascertain the cost of reducing the grades and curves of the road to a minimum. It is thought that the directors will authorize the work to be done early in the coming year, to prepare the road for the largely increased business it will have through Wabash influences. The work on the Baltimore terminals for the Wabash system will be commenced early next year, according to the statement of Vice President and General Manager Landstreet, of the Western Maryland.
